## **COVID-19 – use of Microwaves at meal rooms**

To the academic community,

We would like to inform you that, as indicated by the Health Delegate, it will not be possible to use common use microwaves as an additional preventive measure for COVID-19.

In this sense, starting tomorrow, these equipment will be removed from the meal rooms.

The rooms can be used according to the maximum capacity foreseen and identified on the site.  
Thank you for understanding,

Serviço de Saúde e Risco Ocupacional

da Fundação Fernando Pessoa
